ADP Workforce Now Changes

Effective with the new release of ADP Workforce Now® V14 in June and July 2017, you will no longer be able to log in using Internet Explorer® versions 9 or 10.

Microsoft® ended their support in January 2016, including active technical support and security updates. ADP strongly recommends that you promptly upgrade to one of the supported browsers listed below to take advantage of the latest improvements and security updates offered by Microsoft:

Microsoft Internet Explorer 11

Microsoft Edge

Firefox 45 and higher

Chrome 50.0 and higher

Safari 8.x

Safari 9.0

If you are unable to upgrade your browser, you should check with your company's Information Technology/LAN team or third party IT support group for assistance, as it could be due to your company's security policies. Users who do not update their browser prior to June 10, 2017, will be unable to access ADP Workforce Now and will not be able to perform any transactions.

New UPA Health & Wellness Coordinator

UPA is pleased to announce that Katie Anderson has joined our team as the new Health and Wellness Coordinator.

Katie received her degree in

biochemistry from the University of Tennessee in 2013 and has been working in the fitness field ever since. She began personal training in early 2014 and has worked extensively with clients from various fitness backgrounds to help them achieve their personal health goals. In addition to her work in the fitness area, Katie is in process of earning her nutrition certification to be able to better help UPA team members.

Katie will be located in the UPA Fitness Center so please stop by any time to discuss your health and wellness goals or ask questions. She can be reached at MAnderson2@utmck.edu or by calling her direct at 670-6847. Join us in welcoming Katie to our team!

Free Cancer Screening in May

Dermatology Associates of Knoxville, In recognition of Skin Cancer Awareness Month, is offering free Skin Cancer Screening on May 10th and May 12th to all UT employees and UPA employees at our new UT office. We are located in Bldg. B, Suite 209. No appointment is needed.

Skin Cancer is the most common cancer in the United States with current estimate that one in five Americans will develop skin cancer in their lifetime. Basal cell and squamous cell carcinomas are the two most common forms of skin cancer, and are highly curable if detected early and treated properly. We look forward to seeing you. If you have questions, please give us a call at 865-524-2547.
