## We Celebrate

During the unique challenges we have faced together since 2020, we choose to continue to let our light shine and be professional representatives of the medical industry. We are the front lines of health care and we must continue to stand united. Lifting one another, supporting one another, even in the simplest of ways.

As we reflect on 2021 and advance into 2022, UPA wishes you a healthy and prosperous New Year. Enjoy your moments together with family and friends! We look forward to building 2022 into a brighter tomorrow, together, with you!

## 2022 UPA Board of Directors
