Post-Acute Authorization Waivers for TennCare and Cigna

Due to an increase in COVID cases and hospitalizations, the Division of TennCare has agreed to leave its post-acute authorization waivers in effect until further notice.

THA is in frequent contact with TennCare and will notify members in advance of any changes to the post-acute waivers for TennCare patients.

THA also has been in contact with Cigna, which has agreed to reinstate its post-acute waivers. Cigna has agreed to waive facility-to-facility transfer authorizations through March 31. A comprehensive list of Cigna's response to COVID can be found [here](#).

If you have any questions, please contact me at radams@tha.com.
